

Call for a Networking Event

The Autonomous University of Querétaro (UAQ), through the Office of Research, Innovation, and Graduate Studies, in collaboration with the University of California Alianza MX (UC Alianza MX), is pleased to invite you to participate in a:

Networking Event

The goal of this event is to create a space for researchers from UAQ and UC to meet, learn about each other's research areas, and form binational teams between the two institutions to collaborate on the development of a joint project. This event is part of a preliminary phase of the joint UAQ-UC call for proposals (which you can now view at the following links: <https://siip.uaq.mx/index.php/es/novedades> / <https://alianzamx.universityofcalifornia.edu/research-and-innovation/joint-research-funds/>).

Join us to connect with potential collaborators, explore shared research interests, and take the first step toward developing a joint UAQ–UC research project.

Event Details

Date: October 26

Time: 10 am (PT)-11 am (Central Mexico Time)

Format: The event will be held virtually. Connection instructions will be sent to pre-registered participants.

Participation Requirements

This call for proposals is open to full-time researchers and faculty members at UAQ who are interested in collaborating with their counterparts at the University of California on a research project in the following areas:

Health

- Biomedical engineering and medical devices
- Digital health and telemedicine
- Epidemiology and public health informatics
- Mental health and well-being
- Precision medicine and personalized healthcare

Energy

- Energy efficiency and storage technologies
- The impact of energy on the environment
- Smart grids and energy system integration
- Renewable energy generation

Emerging Technologies

- Applications of artificial intelligence and machine learning
- Big data analysis and visualization
- Biotechnology and sustainability
- Blockchain technologies
- Cybersecurity and data privacy
- Internet of Things (IoT)

Education and Pedagogy in Science, Technology, Engineering, and Mathematics (STEM)

- Advanced learning methodologies
- Inclusive and equitable education
- Innovative teaching practices

Event Methodology

Research Project Presentations

UAQ and UC researchers will have the opportunity to present their research project ideas and explore potential areas for collaboration.

Presentation format:

Each presenter will have 3 minutes to briefly present the main ideas, objectives, methodology, and the type of collaboration they are seeking. The presentation and accompanying remarks should be in English.

To facilitate connections between researchers, please use one PowerPoint slide that includes:

- Research topic and main objectives
- Methodology or key areas of interest
- Type of collaboration or expertise being sought
- **Contact information**

Q&A Session: There will be an opportunity for researchers from both institutions to interact and explore potential synergies.

Why Join Us?

- **Connect with researchers across the University of California** and explore areas of mutual interest and potential collaboration between UAQ and UC.
- **Build binational research teams** with the opportunity to develop a joint project for the UAQ–UC Call for Proposals.
- **Identify potential collaborators early on**, helping to strengthen the project and increase its chances of success.
